

OUR TELEHEALTH SERVICES ARE AVAILABLE GLOBALLY

Our TeleConsultation capability is currently available in many of the countries impacted by COVID-19.

Benefits of TeleConsultation

- Fast access to local care directly from your hotel room
- Removes the need to travel to a clinic when you're unwell
- Avoid the potential impact of infectious disease outbreaks when visiting a clinic or hospital in-person
- Suitable for many acute conditions
- Cost effective versus hotel doctors or after hours hospital visits
